

EXTERNAL SERVICE & SALES MODULES

Your 24/7 pharmacy

MT.MATIC SLIM

E-commerce plays a major role in today's society. Every customer is becoming accustomed to continuous service, 24 hours a day, 7 days a week. Because Meditech wants to contribute to the peace of mind of all pharmacists, we support you through every step of the way.

The MT.MATIC SLIM is a smart wall dispenser that is linked to your Meditech pharmacy robot. You will never worry about refilling as it is connected to your automated pharmacy stock.

The wall unit is very easy to build into your façade and the black colour provides a beautiful and modern finish.

In conclusion, you can say that our MT.MATIC SLIM is the perfect digital extension of your pharmacy & your patient service.

ADVANTAGES FOR YOUR PHARMACY

PHARMACY 24/7

Our sales & collect terminals allow you to offer a 24/7 service to your patients. They will be able to collect orders & buy pharmacy products whenever they want.

BOOST YOUR SALES

You will see a significant increase in your sales activity, as you are no longer limited to opening hours. By combining our sales & collect terminals with a webshop, you become the e-commerce hero of your patients.

BOOST YOUR IMAGE

From now on, you will be known for your perfect customer service & innovative mind.

FREE SALE OF PRODUCTS

The sale of all over-the-counter products directly to your patient via our service & sales modules.

ON-CALL DUTY

Guarantee your on-call duty with safe and effortless dispensing of products to your patient. An app on your phone or tablet ensures smooth communication & service after opening hours.

CLICK & COLLECT POINT

Collection of all products sold online from your website or e-commerce platform.

RESERVATION PICK-UPS

Your patients can order or reserve products/preparations online or in the pharmacy and pick them up whenever they want.

24/7 SERVICE

The device is permanently available for all functionalities, day and night, every day of the week, including holidays.

TWO-WAY DELIVERY

Two-way delivery allows your patients to return documents, prescriptions or even packages via an unique functionality. It offers your suppliers and wholesalers the option to deliver at night or after hours.

DIGITAL MESSAGE BOARD

The qualitative High-Bright touchscreen is an extra tool to place your pharmacy in the spotlight. It can show promo videos or product info.

TECHNICAL INFORMATION

We strive for the highest quality in our products, which is reflected in our technical specifications.

In order to design an intuitive and fast tool, we have selected the best technologies, and after years of design and research, we can assure you that the MT.MATIC SLIM will surprise your patients.

High Bright 19" qualitative touchscreen

Light sensor for self-adjusting screen brightness

Double mechanic hatch with underflow detection

High resolution 180° Camera

Optional ticket printer

Numerous payment possibilities

Multi-functional scanner

HIGH-BRIGHT SCREEN

The high-bright touchscreen allows you to showcase products, display information & advertise new products & services.

DIGITAL PAY TERMINAL

Your patients can pay directly with any digital payment method: with or without card insertion or contactless via apps such as Payconic and Apple Pay on their phone.

MULTI-FUNCTIONAL SCANNER

This allows the patient to scan ID cards, QR-codes or pharmacy loyalty cards.

HD 180° COLOUR CAMERA

The qualitative HD 180° colour camera allows you to communicate with your patient in an easy and safe way.

HIGH-QUALITY MATERIALS

The product is made with coated, 2 mm thick stainless steel and safety glass. This makes the product resistant to vandalism, burglary, sea-water, water and dust.

DOUBLE MECHANIC HATCH

The inox hatch system opens vertically and guarantees a perfect closure with underflow detection to prevent clamping.

MEDICINE SECURITY LOCK

A high-quality camera inside the terminal detects when a product is delivered. When left behind, it will be retracted in a collector bin to avoid being taken by another patient.

LOCHTING SOFTWARE

The unified commerce garden Lochting brings all your online & offline sales tools together. Create beautiful advertising screens, adjust your product range, connect to your website...

FOR YOUR PEACE OF MIND

Meditech guides you in your journey of automating and digitalising your pharmacy. We develop and produce pharmacy robots, robot upgrades such as an automatic loading module, an ultrafast delivery module and digital solutions such as high-bright touchscreens and external service & sales modules.

We give you peace of mind through the quality of our products and our service.

We have a team of sales managers, project managers and service engineers to guide you from first meeting to installation and regular maintenance afterwards.

AFTER-SALES SERVICE 24/7

In order to build a long-term partnership, our service continues after the installation of our products.

Our dedicated service team of engineers is always ready to help you with any technical problem, no matter how small.

You can contact us day and night.
